Justification for Scholarship

Dear Members of the Scholarship Committee,

My name is Mohammad Najmuddin, I am currently studying B.Tech in Computer Engineering at Jamia Millia Islamia in New Delhi. I come from Gonda, U.P., and growing up in rural area has taught me the importance of hard work and being strong in the face of challenges. Even though my family has faced financial difficulties, I have always been dedicated to doing well in my studies from my school days to now in college.

The limited capacity of JMI hostel has left me without accommodation adding to the financial strain on my family. I am seeking assistance through the scholarship to alleviate the burden of rent, study materials and living expenses.

My immediate goal is to complete my degree and contribute to the field of Computer science through research and innovation. I have maintained a consistently high SPI and received recognition for my performance in challenging courses, showcasing my dedication to academic success.

I believe my unique background and determination make me a deserving candidate for the scholarship. I am not just seeking financial aid. I am seeking an opportunity to make a meaningful contribution to my community and society at large.

Thank you for considering my application. With your support, I am confident in my ability to overcome challenges and achieve my academic and career aspirations.

Sincerely,

MOHAMMAD NAJMUDDIN
