Honored to receive the Best Student Award from MSITM College while pursuing a diploma in Software Application.

Experience

WEB DEVELOPMENT VIRTUAL INTERNSHIP

GANFOBYTE

Des 2023 – Jan 2024

New Delhi, Delhi

- During my virtual internship, I undertook a significant role in developing the frontend of a dynamic website dedicated to the sale of diverse bike models.
- Leveraging my skills in HTML, CSS, and JavaScript, I contributed to crafting an engaging and user-friendly interface that seamlessly showcases the range of bikes available.

Projects

MY PORTFOLIO

- I created my own portfolio website using HTML, CSS, and JavaScript. The website is user-friendly, interactive, and optimized for all devices.
- I used JavaScript to add interactive elements for a more engaging experience.

COLLEGE BASED PROJECT

JAMIA MILLIAL ISLAMIA

Feb 2023 - May 2023

New Delhi, Delhi

- I created a website for a College canteen using HTML, CSS, JavaScript, SQL, and MySQL. The website is user-friendly, interactive, and optimized for all devices.
- It allows users to browse the menu, place orders, make payments, and view their order history. The database enables efficient management of inventory and order processing.

Certificates Issued by Coursera

- **Introduction to Front-End Development**
- **Version Control**
- **HTML and CSS in depth**
- **Programming with JavaScript**

Extra-Curricular Activities

- During my time in NCC, I participated in various activities that helped me develop valuable skills like discipline, teamwork, physical fitness, and social responsibility.
- I enjoyed adventure training programs and community service activities that challenged me mentally and physically. These experiences helped me become a more responsible and disciplined individual

Leadership

As a class Monitor from class 6th to 12th, I learned about leadership and responsibility. I was responsible for maintaining discipline and organizing class events, which helped me develop my organizational and team management skills.
